

Daniel Wayne Burer

hire@danielburer.com

Summary

Experienced and active software developer with a demonstrated history of performance in the Information Technology industry. Skilled in software engineering, full-stack web development, and digital design. Currently pursuing a Master of Science in Computer Science at Georgia Tech.

Education

Georgia Institute of Technology Atlanta, GA
Master of Science in *Computer Science*, **Major GPA 4.0** May 2021

Georgia Southern University Statesboro, GA
Bachelor of Science in *Computer Science*, **Major GPA 4.0** May 2018

- Software Engineering Certificate
- Game Programming Certificate

Relevant Coursework

- CSCI 5530 – Software Engineering
- CSCI 5431 – Computer Security
- CSCI 5331 – Computer Architecture
- CSCI 5330 – Algorithm Design and Analysis

Professional Work Experience

Morris Technology Statesboro, GA
Senior Solutions Developer February 2018 - Present

- Full stack development of web-based Content Management System applications using JavaScript, React, HTML, Python, and the Django web framework
- Create, prototype, and implement responsive web design UI/UX for new features and the revision of outdated components
- Oversee regular production deployments, assist in coaching of part of part-time developers, and administrate team communication tools and development environment configuration
- Review, critique, and approve codebase modifications by team members before transfer of changes from development to production environments

Morris Technology Statesboro, GA
Junior Solutions Developer April 2016 - February 2018

- Full stack development of web-based Content Management System applications
- Implementation and production of responsive web design frameworks built with HTML and SCSS
- Cross-platform mobile app development using Ionic and AngularJS frameworks
- Collaboratively developed using Git version control and regularly unit test and integration test codebase
- Provided direct customer support to perform regular codebase maintenance and implement new features

Gulfstream Aerospace Corporation Pooler, GA
SAP Basis Intern January 2017 - August 2017

- Performed multiple simultaneous 2017 Enhancement Pack upgrades on Gulfstream production SAP systems, including both ABAP and Java stacks
- Participated in regular daily sustainment and administrative activities including SAP note implementation, component patching, and kernel upgrades
- Performed STMS transports/imports for both non-production and production SAP systems, reviewed logs for errors, and subsequently informed development teams with relevant results
- Assisted in the general workflow of Basis user problems and requests, accepting or dispatching to other Basis team members where appropriate

Core Qualifications

-
- | | |
|--|---|
| <ul style="list-style-type: none">● Proficiency in a broad set of development, architecture, and administrative skills● Well-versed in general information technology | <ul style="list-style-type: none">● Extensive experience in professional communication and performing in a team environment |
|--|---|

Relevant Skills

-
- Proficient in general-purpose software development with Java, Python, and C#.
 - Extensive and comprehensive full-stack web development history using HTML5, JavaScript, CSS, Node.js, and associated frameworks/preprocessors including React, AngularJS, SASS, and Django.
 - Skilled with a variety of other development languages and frameworks, including C, C++ and PHP.
 - Familiar and capable with major database technologies including PostgreSQL and Microsoft SQL Server.
 - Experienced in team software development environments, project coordination and distribution, modern version control and testing systems, and effective time management.

Honors

Georgia Southern University President's List:

- Fall 2014, 2017
- Spring 2015, 2016, 2017, 2018

Georgia Southern University Dean's List

- Fall 2015, 2016

Scholarships

- Zell Miller & HOPE Scholarship
- Georgia Southern President's Scholarship

Awards

- Freshman Chemistry Award - Spring 2015
- Outstanding Scholar Graduating Senior
